Mission Statement
The Office of Vital Records and Statistics administers the statewide system of Vital Records and Statistics by documenting and certifying the facts of births, deaths, and family formation for the legal purposes of the citizens of Utah, participates in the National Vital Statistics System, and responds to the needs of health programs, health care providers, businesses, researchers, educational institutions and the Utah public for data and statistical information.
PREFACE

These tabulations are published annually to make commonly used vital records data available to law makers, health programs, health care providers, businesses, researchers, educational institutions, and the Utah public. Data are presented for the state overall, local health districts, and Utah counties.

The Utah Vital Statistics report series no longer includes abortion data for the United States. The most recent abortion data for the United States is published by the U.S. Centers for Disease Control and Prevention in the Morbidity and Mortality Weekly Report, "Abortion Surveillance - United States, 2013," Vol. 65(SS12);1-44; Atlanta, Georgia, November 25, 2016. The website for this report is http://www.cdc.gov. Searchers should use the keyword “abortion surveillance” to find the most current report.

</tbody>
</table>

1Population projections/estimates are revised as historical data become available, and rates may not agree with previous reports.
2Rates are per 1,000 females 15 to 44 years of age.
3Ratios are per 1,000 live births.
The population estimates for years 1980-1999 were produced by the Utah Governor's Office of Planning and Budget (GOPB).
For years 2000 and later the population estimates are provided by the National Center for Health Statistics (NCHS) through a collaborative agreement with the U.S. Census Bureau.

Numbers may not add to total due to missing data.
Abortion ratios for data year 1995 are slightly different from the original published data in this series because birth data for the year was updated.
***The sum of women who are married plus women who are separated.
****The sum of women who are widowed, divorced, and those who have never married.

2016 Appendix:

Abortions
Technical Appendix

Section 76-7-313, Utah Code Annotated 1953 as amended requires that the report of induced termination of pregnancy (Figure A) be filed with the State of Utah's Department of Health within ten days after the abortion.

The reported number of abortions to Utah residents that are performed out of state is small and suggests an undercount. This small number of reported abortions that occur in other states are not shown by county of residence in this report.

For both the summary and reference tables in this report, data are tabulated by health district as well as county of residence to meet the needs of local health departments.

The population data are Vintage 2016 population estimates by age 2010-2016 from the U.S. Census Bureau. Vintage population estimates are used for years 2000-2016. Prior years were produced based on estimates by the Utah Populations Committee.

Formulas used to compute rates and ratios used in this report are defined as follows:

\[
\text{Abortion Rate} = \frac{\text{Total Number of Induced Abortions to Resident Females (1,000)}}{\text{Total Number of Resident Females 15-44 Years of Age}}
\]

\[
\text{Abortion Ratio} = \frac{\text{Total Number of Induced Abortions to Resident Females (1,000)}}{\text{Total Number of Live Births to Resident Females}}
\]
SURGICAL PATHOLOGY REPORT

GROSS and MICROSCOPIC
TO BE COMPLETED ON ALL INDUCED ABORTIONS

1) Presence of chorionic villi .............................................. [ ] Yes [ ] No [ ] Unknown
2) Presence of decidual tissue .............................................. [ ] Yes [ ] No [ ] Unknown
3) Presence of marked inflammatory reaction ......................... [ ] Yes [ ] No [ ] Unknown
4) Presence of embryo or fetal parts ...................................... [ ] Yes [ ] No [ ] Unknown
5) Gross appearance of embryo .............................................
   1) Normal
   2) Macerated
   3) Malformed - Type __________________________

6) Measurements of embryo ............................................... Length ___________ cm
   Weight ___________ gms.

COMPLETE THIS SECTION FOR ABORTIONS BEYOND
90 DAYS GESTATION

1. Measurement of Embryo
   Heel to Toe ___________ mm
   Biparietal Diameter ___________ cm
   Date BPD Measured ___________

2. Complications or Post-Operative Morbidity
   00 [ ] None
   01 [ ] Cardiac Arrest
   02 [ ] Disseminated Intravascular Coagulation
   03 [ ] Ectopic Pregnancy
   04 [ ] Failed Abortion
   05 [ ] Hemorrhage (less than 500 ml)
   06 [ ] Hemorrhage (500 ml or more)
   07 [ ] Incomplete abortion (retained tissue)
   08 [ ] Injury to cervix
   09 [ ] Pelvic Infection
   10 [ ] Perforation
   11 [ ] Postabortal bleeding or spotting
   12 [ ] Pulmonary embolism or infarction
   13 [ ] Reaction to Anesthesia - general
   14 [ ] Reaction to Anesthesia - local
   15 [ ] Respiratory arrest
   16 [ ] Other, Specify __________________________

3. Time of Complication
   1 [ ] During Procedure
   2 [ ] During Recovery
   3 [ ] After Discharge

4. Management of Complication
   1 [ ] Hospitalization (immediate)
   2 [ ] Hospitalization (later by Facility)
   3 [ ] Hospitalization (later not by Facility)
   4 [ ] Repeat Evacuation (immediate)
   5 [ ] Repeat Evacuation (later at Facility)
   6 [ ] Repeat Evacuation (later not at Facility)

5. Two Week Follow-up
   1 [ ] In Facility, Normal
   2 [ ] Other __________________________
   3 [ ] Other Facility, Normal
   4 [ ] Other __________________________
   5 [ ] Examination Not Done
   6 [ ] Unable to Contact

6. Future Contraception Planned
   1 [ ] Oral (Pill)
   2 [ ] IUD
   3 [ ] Diaphragm
   4 [ ] Other Contraception
   5 [ ] None Wanted

7. Reason for Late Abortion
   1 [ ] Woman continued to have menses
   2 [ ] Afraid to tell parents, spouse, etc.
   3 [ ] Denial of Pregnancy
   4 [ ] Planned pregnancy, change of circumstances
   5 [ ] Suspected or known fetal malformation
   6 [ ] Late referral
   7 [ ] Unable to afford cost earlier in pregnancy
   8 [ ] Other, Specify __________________________
